

## Energy Star® Energy Efficient Facts

Replace your clothes washer with an ENERGY STAR® labeled model when it is time. Clothes washers use energy to both clean clothes and heat water, so to save on energy costs, wash your clothes in cooler water. ENERGY STAR® qualified clothes washers use 50% less water and 70% less energy per load; that's up to \$100 every year.

Run your washer, dryer and dishwasher only with a full load.

What it costs to run your old refrigerator for just one year.

Years Old	Average Refrigerator
8	\$ 70.74
12	\$ 93.41
16	\$ 146.71
20	\$ 171.13

Consider replacing your central air conditioning if it is more than seven years old. Look for the ENERGY STAR® label when you buy and use 20% less energy than a standard model. If just one household in 10 bought ENERGY STAR® heating and

cooling equipment, the change would keep over 17 billion pounds of pollution out of our air.

To find out more information on whether your new appliance has an ENERGY STAR® rating, go to the government's website rated at:

<http://www.energystar.gov>

Under "Products," click on "Appliances, Lighting, Heating and Cooling & more." Then you can choose the type of appliance (i.e., refrigerators) and click on the consumer's product listing either in Microsoft Excel or Adobe Acrobat.

Please call the Customer Service Department at 781-235-7600 if you have any questions.

# 2006 Residential Appliance Rebate Form

## WMLP's 2006 Residential Appliance Rebate Incentive Program

In an effort to encourage energy efficiency, residents of Wellesley who purchase energy efficient Energy Star® appliances will be offered rebates to help offset the cost of qualified appliances. Energy efficient appliances typically save 15-50% in energy costs, and can help reduce the need for additional generation during peak times – which saves money and helps the environment. Eligible Energy Star® appliances and rebate amounts of this year's program include:

★Refrigerators – \$100

★Clothes washing machines – \$75

★Central air conditioners – \$100  
*with a Seasonal Energy Efficient Ratio (SEER) rating of 12 or greater*

★Room air conditioners – \$50

★Dishwashers – \$75

### Eligibility Requirements

- Only ENERGY STAR® qualified appliances, as determined by the United States Department of Energy, are eligible for the WMLP Appliance Rebate Incentive Program. See listing on [www.energystar.gov](http://www.energystar.gov) website for more information.
- Customers must have an active residential account with WMLP.
- Customer accounts must be in good standing.
- Proof of purchase between April 1, 2005 and December 30, 2006 must be provided to WMLP in the form of a copy of the sales receipt.
- A copy of the EnergyGuide label from the appliance which shows the ENERGY STAR® logo or a printout from [www.energystar.gov](http://www.energystar.gov) website showing your appliance is an ENERGY STAR® rated; and a completed copy of this form must be remitted to WMLP to be eligible for a rebate.
- Rebate form must be received by February 1, 2007 to qualify.
- The qualifying appliance must be installed at the account location.
- A limit of two (2) appliances per customer account are eligible for WMLP's Appliance Rebate Program
- The rebate will be in the form of a check from the Town of Wellesley or a credit to your electric account, at the sole discretion of WMLP.
- WMLP reserves the right to verify installation of the appliance for which a rebate is requested.

Once we've received the Appliance Rebate Form and verified eligibility, a check or credit on your residential account bill for the appropriate amount will be issued.
